Dayton, Ohio

Re: South Dayton Landfill
1975 Springboro Road
Dayton, Ohio

Dear Mr. Grillot:

In our letter of July 10, 1969, we requested the enclosed copy of the Operational Procedure Plan be completed and returned to our office as soon as possible. We have not received these plans yet.

Please fill out this Operational Procedure Plan and return it to our office within seven (7) days so we can comply with the requirements of the Ohio Department of Health.

In addition, we requested that you submit complete engineering plans by August 31, 1969. These plans have not been received either. If you plan on operating a solid waste disposal site after December 31, 1969, complete engineering plans must be submitted for our approval. You must possess a State License if you plan on accepting any solid wastes as defined by Section 3744.01 (E) of the Ohio Revised Code and the interpretive guide. A copy of these regulations have been enclosed for your use.

If you have questions concerning this letter or if we may be of further technical assistance, please feel free to call on us.

Sincerely yours,

ROBERT A. VOGEL, M.D.,
Health Commissioner
